

**CORRIGENDUM No: 1**

**to the**

**Application package for the “Open call for sub-granting”**

**Publication reference: 2022/441-515/SG1**

**Subject:** Correction of the Section “**2.2. Financial, professional and operational capacities of the applicant**” within the Application form – Annex 1

**Reasons for change:** It is noticed that there is a significant difference in the referred years to which questions regarding financial, human and project implementation (point 2.3) capacities are applying. To achieve consistence and transparency of the processes the changes of the relevant years for the question of human capacities are made to be up to date and in line with the years relevant for the project management capacities (point 2.3).

**Text to be corrected:**

Instead of:

List the annual budget and sources of funding for the last three years or for the last two years	Year	Budget (EUR)	Source of financing

**Other additional information:**

The corrected version of the Application form is now available instead of the previous version. All the applicants that have been using the previous version will not be eliminated on that ground, but will be asked for additional information during the first stage of evaluation.

All other terms and conditions of the Guidelines and Application package remain unchanged. The above corrections to the Annex 1 are integral part of the Annex 1.
